SUMMARY

I'm a software engineer with over four years of experience. While I started with a focus on frontend technologies, I've since broadened my expertise to include backend development and system architecture. I enjoy building robust, scalable applications and solving complex problems across the stack, always aiming for clean, maintainable code and thoughtful user experiences.

WORK EXPERIENCE

SOFTWARE ENGINEER

Olympe

09/2023 - current

Contributed across the full stack using Olympe's proprietary platform to deliver solutions for enterprise clients. Worked on a wide range of projects, independently and within teams, covering frontend, backend, DevOps, and solution architecture.

FRONT END DEVELOPER

Devoteam

04/2022 - 07/2023

Developed and maintained numerous projects for a diverse range of clients.

FULL STACK DEVELOPER

Stylepoint, lda

06/2020 - 03/2022

Lead a small team of people, we built a platform for designers to sell their products.

FULL STACK DEVELOPER

IoTech

01/2020 - 06/2020

Internship where I developed project for social media data collection
